Not being allowed to drive. It is a really big thing and we don't talk, or write about it nearly enough. We are being Demotorized and more to the point our youngsters are. Whilst we are still allowed to have cars it is best to keep them clean and the Gardena range is a great way to do it as Kiran Parmar proves. Otherwise we have the usual Free Car Mag content which includes road tests, some watches and stories you won't ever read elsewhere. See you next time...

Free Car Mag continues the fight for motoring freedom, sticking up for drivers and those who want the freedom to choose what to drive and when to drive it. There will be stories that can't be read anywhere else and that should be reason enough to come back for more.
