Free Car Mag ahead of the political curve..

2026 has carried on where 2025 left off. Badly for driving freedom. That's why we focus on the Chinese car industry which is using our very own celebs to convince us to buy their SUVs which will soon be the only ones available in Europe as the tariffs are dropped. What we won't be importing anymore is Eva Vlaardingerbroek who has been banned from the UK. She was on the cover of and in FCM 120 for sticking up for Dutch farmers. We drive in a dictatorship.

Free Car Mag continues the fight for motoring freedom in 2026, sticking up for drivers and those who want the freedom to choose what to drive and when to drive it. There will be stories that can't be read anywhere else and that should be reason enough to come back for more. All Hail Comrade Keef Stalin?
